eLearning Companion Device (LCD) Student Pledge

Fresno Unified has developed the eLearning Companion Device (LCD) program to provide you with a device that can access learning outside of the classroom. The devices are loaned to parents/guardians for you to use for four years or until you graduate or leave the District. Like textbooks, the devices remain the property of Fresno Unified.

You may use the District device for non-commercial purposes only, and in accordance with the District's policies and rules; as well as all applicable local, state, and federal statutes. Inappropriate use of the device may result in removal from the LCD initiative and require you to return the device.

Student Responsibilities:

- When using the device while at school, at home or anywhere else, I will follow the District's Responsible and Acceptable Use Policy, and abide by all local, state and federal laws.
- I will practice good digital citizenship whenever engaging other online.
- I will treat the device with care by not dropping it, getting it wet, leaving it outdoors, or other inappropriate care.
- I will not lend the device to anyone, including friends and siblings; it will stay in my possession.
- I will not uninstall or disable District installed apps or services on the device.
- I will not load illegal or illicit apps or content on the device.
- I will honor my family's values when using the device.
- I will not give or post personal information when using the device.
- I will keep all accounts and passwords assigned to me secure.
- I will return the device when requested and up withdrawal from Fresno Unified School District.

By signing this, the student acknowledges the responsibility and pledges to abide District's policies and practice good digital citizenship.
